Difficult-to-work-with fabrics are best sewn using the Walking foot. It supports the fabric feed by a second feed dog on the upper side of the foot. The sewing project is moved simultaneously by the two feed dogs which allow a smooth sewing process.

Overview of the applications of bernette presser feet

General sewing
Looking for a presser foot that you can use for different stitches? These universal presser feet are recommended as basic equipment. Some are already included in the standard range of your machine.

Buttons and buttonholes
bernette also offers a solution for buttonholes. With the special buttonhole presser feet you can create precise buttonholes in no time at all. In addition to that bernette also provides a foot for sewing on buttons quickly and easily.

Elastic/stretch materials
Don't have an overlocker at hand? bernette offers special presser feet to work with stretch fabrics such as stretch jersey, fabrics containing Lycra, and wool.

Zips
The Zipper foot enables the precise insertion of all sorts of zips. Whether you want to insert normal or invisible zippers – bernette has the right foot for you.

Hems and topstitching
Whether for binding an edge or hemming, bernette offers a wide range of presser feet that allow you to create the perfect hem finish. Visible and invisible hems can be produced with ease and precision, giving your work a professional look. It is also possible to create hems with lines of topstitching.

Decorative sewing
The bernette range has the right presser foot for a wealth of creative techniques.

Embroidery
bernette's presser-foot range includes special embroidery feet that can be used for both free-motion embroidery and embroidering in a hoop. Of course, bernette also offers a wide range of embroidery hoops in different sizes.

Patchwork
Patchworking is and will remain trendy and popular with all age groups. Patchwork projects express a passion for details and a lot of creativity. bernette has designed special patchwork feet which facilitate joining the patchwork pieces with seam allowances.

Quilting
bernette quilting feet are ideal for helping you to produce elaborate quilting.

Materials that tend to stick
Not all fabrics are equally smooth. For slightly sticky materials such as leather or vinyl, bernette has developed special presser feet to support the fabric feed.

Presser-foot sets
Our bernette presser-foot sets serve as the optimal basic equipment for practical and decorative projects with the sewing, embroidery, overlock and coverstitch machine as well as for quilting.

The Zigzag presser foot is a true all-rounder and is suitable for all the common sewing works. It is also optimal for special sewing projects. Apart from very simple attractive decorative stitches, it is also particularly suitable to implement patchwork ideas.

The Zigzag foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

The non-stick sole ensures smooth riding over difficult-to-feed materials such as leather, plastic, vinyl or similar.

	502 020 70 65	A B C	E
	502 060 14 11		F1
1	502 060 13 50		F2

Difficult-to-work-with fabrics are best sewn using the Walking foot. It supports the fabric feed by a second feed dog on the upper side of the foot. The sewing project is moved simultaneously by the two feed dogs which allow a smooth sewing process.

Straight-stitch foot

1

1	502 060 13 51	F1
H	502 060 13 52	F2

This presser foot is ideally suited for all straight-stitch work. The small stitch hole supports the material during sewing.

Straight-stitch foot for Dual Feed

DF	502 020 92 94	G2 G3

The Straights-stitch foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

The Overlock foot facilitates finishing edges professionally and sewing seams similar to overlocking. It is also particularly suitable to create decorative cuffs and seams in the most common knitware fabrics.

Overlock foot for Dual Feed

DI	**502 020 92 97**	G2 G3

The Overlock foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers. Fabric waves will be reduced for elastic fabrics.

Zips

Zipper foot

I	502 020 59 99	A B C E
	502 060 13 60	F1
1 E	502 060 13 61	F2

Due to the narrow shape, zippers in various versions can be sewn in easily. The fabric is fed evenly while you can sew along the coils very closely.

Zipper foot for Dual Feed

JB	502 020 92 90	G2 G3

The Zipper foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

Invisible-zipper foot

1 Z	502 060 13 63		F2	
2 JP	502 020 93 05			G2 G3

This foot is simply perfect to sew in zippers. As the zipper is invisible afterwards, an especially elegant look is achieved.

Hems and topstitching

Blindstitch foot

1 **L**	**502 060 13 64**				F1	
	502 060 13 65				F2	

This foot is most suitable to sew blindhems or to topstitch edges. The stitches only pierce the hem so that the stitch holes are hardly visible on the right side of the fabric.

Blindstitch foot for Dual Feed

DM	**502 020 93 01**	G2 G3

The Blindstitch foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of "sticky" materials.

Edgestitch foot

S	**502 060 13 66**	F2

This presser foot with guide facilitates the topstitching of edges, hems and pleats; helpful for sewing on lace or tapes, and for reinforcing edges. The guide helps you achieve flawless seams and hems that run parallel to the edge.

Hemmer foot

1

This special presser foot serves the purpose to create professional-looking seams. It folds the fabric twice which results in a nice rollhem which is then properly fixed by the needle with a straight stitch.

1	**502 060 13 71**	F1
2 **JK**	**502 020 92 99**	G2 G3

A true pro in terms of embroidering and embellishing, the Embroidery foot is ideal for sewing satin stitches, appliqués and decorative stitches.

Open embroidery foot

1

	502 060 13 72	F1
1 **F2**	**502 060 13 73**	F2

This foot makes quick work of appliqués and embroidery projects, as well as the sewing over of lines and patterns. The open shape ensures a clear view of the seam, and is therefore ideal for sewing on tapes and ribbon.

Open embroidery foot for Dual Feed

DN 502 020 93 02	G2 G3	

The Open embroidery foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

Gathering foot

1   **2**

502 020 60 01	A B1 (London 5) B2 C E	
	502 060 13 74	F1
1	**502 060 13 75**	F2
2 **JD**	**502 020 92 92**	G2 G3

As the sole of this foot does not lie flat on the feed dog, the Gathering foot feeds the fabric unevenly. Therefore a charming gathering effect results while sewing.

Ribbon-couching foot

G	**502 060 13 76**	F2

For couching sequin- and satin ribbon.
The adjustable guide holds the ribbon in place, preventing it from slipping as it is being sewn on.

Embroidery foot with clear sole

1

A	**502 020 60 06**	A2 A3 B2 C E2
	502 020 74 89	B1 (London 2 + 3)
	502 060 13 77	F1
1 **F**	**502 060 13 78**	F2

The transparent sole affords a consistently clear view of the sewing project, ensuring that decorative and satin stitches, appliqués and off-the-edge scallops turn out particularly well.

	502 060 13 79				F1
1 **H**	**502 060 13 80**				F2

The Cording foot allows sewing on thin cords or strings. As the bottom of the foot sole provides several grooves, more than one sting can be sewn on in one step.

Cording foot for Dual Feed

DH	**502 020 92 96**	A	G2 G3

The Cording foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of "sticky" materials.

Embroidery

	502 020 81 80	C2	
2 **JL**	**502 020 93 03**		G2 G3

This foot is a true embroidery expert. The oval, slightly bent shape of the foot facilitates the stitch movement. This ensures a solid and proper stitch formation.

Hopper embroidery foot

| JX 502 020 93 26 | G1 G3 |

The hopper embroidery foot is the perfect choice when it comes to embroidering on pile and bulky fabrics, such as terrycloth. Thanks to the spring mechanism, the optimum pressure is applied to the embroidered material, while at the same time, the movement of the foot compensates for any uneven areas, such as puffy lettering or multilayer quilts, to give beautiful stitching results.

Patchwork

1	502 060 13 82		F2	with guide

This foot is ideal for patch working with exact seam allowances of 1/4 and 1/8 inch. The fabric edges can either be guided along the foot or the seam guide. This makes accurate sewing absolutely simple.

Patchwork foot for Dual Feed

| DE 502 020 92 93 | G2 G3 |

The Patchwork foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers.

Quilting

Darning-/Embroidery foot

1

This foot is a true specialist for free motion sewing and it is best suitable to darn holes and worn areas. Used together with an embroidery hoop, the darning process can be simplified as the hoop stabilizes the fabric. The foot can also be used to create attractive embellishing such as laces or monograms.

Free-motion embroidery foot

1   **2**

The open embroidery sole offers a clear view of the embroidery area. Precise, creative free-motion works such as monogramming and Richelieu embroidery ('cutwork') as well as thread painting are simplicity itself with the free-motion embroidery foot. Also ideally suited to outline quilting, or the free-motion quilting of very small details ('microstippling').

BERNINA Toolbox – The right tool for every embroidery project

Ideal for those first steps in embroidery, the BERNINA Toolbox Software will wow you with its simplicity and intuitive operation. It offers a wide range of embroidery motifs and lettering options.

The BERNINA Toolbox consists of individual modules that can be combined as wished, depending on your intended application. The software can be installed on computers running on either Mac or Windows operating systems.

You'll find the embroidery motif library in the BERNINA Cloud, the web service where embroidery motifs are displayed, saved and edited. The website http://www.berninacloud.com gives you access to the contents of the Toolbox via your PC, smartphone or tablet, letting you edit embroidery motifs any time, anywhere. To embroider the motifs, simply download them in the desired embroidery format.

In principle, the BERNINA Toolbox can be installed on any number of devices, although the software may be used simultaneously on no more than two. The software licences are easy to activate and deactivate, allowing for flexible use.

A 30-day trial version is available for free download at www.bernina.com/toolbox-trial. After expiry of the trial period you may continue to use Toolbox for free, but with restricted use of the functions. Users can then purchase individual modules suited to their specific needs.

The Standard presser foot is a trusty sidekick for everyday overlocking and coverstitch projects.

Standard presser foot with clear sole

502 040 51 08	B1 B3

The clear sole affords the perfect view of your sewing project. It is ideal for decorative seams which have been previously tailor-tacked, as well as for positioning at the beginning or end of a seam.

Ribbon-couching foot

502 040 51 09	B2 B3

For couching narrow ribbon. With the help of the adjustable guide, ribbons of various widths can be guided precisely into the seam.

Belt-loop foot

502 040 51 10   B1 B3

The belt-loop foot is used to fold bias or straight binding, which it then quickly and easily turns into straps or belt loops with the cover- or chainstitch.

Hems and topstitching

Elasticator foot

502 070 00 52 A1
1   **502 040 51 11**   B

The Elasticator foot is best suitable for sewing projects with elastic bands. The fabric can be aligned evenly and exact sewing of elastic band for home furnishing, bathing or sports clothes goes smoothly. The Elasticator foot is also optimal to create professional lingerie.

Blindstitch foot

502 070 00 54 A1   0.5 mm
502 070 00 53 A1   1.0 mm
1   **502 040 51 12**   B2 B3

This foot is a specialist for working with blindhems. In one step the seam is sewn and the edge is finished. Therefore the Blindstitch foot allows quick and proper working and is ideal for the creation of attractive blindhems on home furnishing and garments.

Hems and topstitching

Hemmer foot

502 040 51 13 B1 B3

The hemmer foot quickly and easily sews even seams with a depth of 2.5 cm. A narrow or wide coverstitch can be used to neaten the cut edge.

Binder attachment for unfolded bias tape

502 040 51 14 B1 B3

The binder attachment creates practical edge finishes with unfolded bias tape in a width of 40 to 50 mm. Self-cut bias tape can also be used for a professional look.

Decorative sewing

Piping foot

502 070 00 57 A1
1 **502 040 51 15** B2 B3

The Piping foot is qualified for creating or sewing in braids, or even both actions in one step. That gives main points to home furnishing or garments.

Pearl foot

502 070 00 56 A1

For creative work the pearl foot is simply perfect in its versatility. Special decorations with pearls can be applied quickly on various fabrics. In combination with flat seams, decorative seams can be created on the fabric and in combination with rollhems, a decorative edgefinishing can be achieved.

Beading and sequin foot

502 040 51 16 B2 B3

For creative work with beaded or sequin tapes up to a width of 4 mm. The side groove serves as a guide and for couching cords.

Cording foot

502 040 51 17 B1 B3

This presser foot guides decorative and fine cords of up to 2 mm thickness exactly and precisely below the coverstitch seam as they are being sewn on. Alternatively, it can also be used to create and insert piping.

Decorative sewing

Gathering foot

1	**502 040 51 18**	B2 B3

With the Gathering foot single fabric layers can be gathered evenly. In the same step one fabric layer can be gathered and simultaneously sewn on a smooth piece of fabric. This saves much time.

Lace foot

502 040 51 19	B1 B3

For sewing lace, trim and tapes onto hems. The bottom edge of the fabric is simultaneously neatened with a narrow or wide coverstitch, creating a flat joining seam.

Hemmer and lace foot

502 040 51 20	B1 B3

This presser foot sews tapes or lace below a fabric edge, which is simultaneously folded to form a hem. A coverstitch neatens both edges at the same time, whilst the material is folded by 1 cm.
